# Letter from The Director...

During the past year, several significant changes occurred at the Community Center:

- 1) The Community Center's child care site located at OPRFHS was closed and the infant and toddler programs were relocated to the River Forest building
- 2) Existing classrooms at the River Forest site were renovated to accommodate the relocation of the infant and toddler classes and the new classrooms were opened for the start of the 2024-2025 school year
- 3) The Illinois Department of Children & Family Services amended the Center's license enabling the Center to operate State licensed programs for infants, toddlers and two year olds in addition to the preschool and school-age programs that have previously been licensed

Additionally, one of the most noteworthy facts about the classroom renovations is they were completed without using tax dollars!! The River Forest Community Center is a self-supporting organization that derives its operating budget from program user fees. Historically, the Community Center was incorporated in 1975 as an Illinois not-for-profit organization with a mission of providing recreational, social and educational programs for residents of River Forest and surrounding communities. The Community Center CANNOT and DOES NOT tax River Forest residents.

Going forward, the Community Center will continue to provide quality programs at a reasonable cost. As always, the Community

Center sincerely appreciates our participants who have remained committed to and shown confidence in our ability to provide quality programs.

In addition to its own programs, the Community Center has also developed a number of key partnerships with other community organizations and agencies to benefit residents and program participants. Each of these partnerships are vital to the overall success of the Community Center and include:

River Forest Township - shared resources, facilities and services for the benefit of residents plus joint sponsorship of numerous programs for youth and senior citizens.

Oak Park/River Forest High School District 200 – shared resources plus hosting the Community Integrated Transition Education (CITE) program for OPRFHS students.

Opportunity Knocks (OK) – expanded programs at the Community Center

River Forest School District 90 - shared resources, facilities and services for residents Participants and visitors are encouraged to check out the Center's web site at [www.rfcc.info](http://www.rfcc.info) to view our on-line program brochure and available programs. As always, the Community Center prides itself on offering quality programs at a reasonable cost and sincerely thanks our participants for their continued support. We look forward to seeing you in one of our programs in the future!

— Dick Chappell, CPRP, Executive Director, RFCC
